

Presentation of AUSD Strategic Goals for 2012/13

**Superintendent Kirsten Vital
Alameda Unified School District**

Presentation of AUSD Strategic Goals 2012/13

1. Deliver high quality instruction through district initiatives (SIM, IBD, Math and Bay Science) while implementing a Response to Intervention approach to provide differentiated instruction for every child according to need.
2. Ensure our graduation requirements meet demands of 21st century career and college preparation with a focus on algebra and higher math achievement.
3. Employ an equity lens in all certificated professional development to ensure all students are provided access to a rigorous and challenging curriculum.

Presentation of AUSD Strategic Goals 2012/13 (continued)

4. Continue our focused efforts on engaging and empowering Alameda families to participate in their children's education.
5. Support successful implementation of Maya Lin magnet, our innovative programs and the startup of EHS 6 -12 for the 2013-2014 school year.
6. Continue to communicate and collaborate with bargaining units to address collective fiscal challenges and achieve high quality instruction for every student.
7. Complete implementation of our stakeholder-driven performance management system by reporting annually on our 10 Steps to Success, district scorecards and the SUPR (School Update and Progress Report) for every school site.

Presentation of AUSD Strategic Goals 2012/13 (continued)

8. Begin a facilities analysis "phase II" which includes community engagement in a process to address our facility issues and focus dialogue on long term solutions and needs.
9. Continue to implement technology solutions in the district office which save money and increase efficiencies that will support schools and their focus on the classroom.
10. Continue to engage and inform our community/stakeholders on the district budget and our process for remaining fiscally solvent despite a loss of state funding.
